Dear Trojan Families,

The secondary schools in the district have had great success with the hybrid schedule for secondary students, particularly in the execution of in-person learning days. Health and safety protocols established over the last eight weeks have worked effectively in all of our schools! We are grateful for the support, flexibility, and patience families have demonstrated during the first quarter.

As the first quarter of school draws near, we wanted to inform you of some revisions to the secondary student schedule that will begin on Monday, October 19, 2020. The ultimate goal of the district is returning secondary students to 5 days a week of in-person learning as soon as it is safe to do so. Because of the success we have experienced and the recent feedback received from secondary parents regarding the start of the school year, increasing in-person learning days is an important next step. Therefore, all secondary schools will be making the following modifications to their daily schedules at the start of the second quarter right after the fall break:

- Alternating weeks of 3 days of in-person instruction and 2-days a week of in-person instruction (Mondays will no longer be asynchronous)
- Alternating weeks of instruction will be identified by all secondary schools as “Red” or “Blue” weeks
- Students will attend in-person learning every other day
- All secondary bus routes will adjust accordingly for students to reflect the new alternating day/week schedule

The sample schedules included outline alternating weeks of instruction for the first four weeks of the second quarter. While school schedules will be very similar, each secondary school will post their specific schedule on their school website. Please contact us with specific questions regarding the change in student schedules.

Sincerely,

Patrick J. Krumholz, Ph.D.
Principal
